## Academic Experience

### Capstone Project : HomeFitAR – AR Interior Design Mobile Application

- Developed an augmented reality (AR) mobile application that allows users to place virtual furniture in real-world spaces
- Implemented plane detection, object placement, drag, rotation, and scaling using AR Foundation
- Designed user interface for furniture selection, preview, and layout management

### System Administration & Networking Experience

- Assisted in setting up and maintaining a Windows Server–based network environment
- Created and managed administrator and user accounts using Active Directory
- Configured user permissions, access control, and shared resources from a central admin workstation
- Connected multiple client PCs to the domain via fiber-optic network infrastructure
- Performed basic network configuration and troubleshooting, including connectivity and access issues

## Education History

**CRISTAL E-COLLEGE**
Bachelor of Science in Information Technology, 2022-2026

**PANGLAO CHRISTIAN ACADEMY INC.**
General Academic Strand
2020-2022
